

SKG

International Conference on **Semantics, Knowledge and Grids**

*A cross-area international forum on semantic modeling,
knowledge networking, grid computing, and future Web*

Breaking boundaries of areas

Building cross-area insights

Discovering new rules, areas and friends

- Semantic Web and Semantic Grid
- Knowledge Web and Knowledge Grid
- Web x.0, Service Science, and Web Science
- Advanced Semantic Data Models
- Advanced Networking Models
- Systems, Tools and Applications on Web and Grid
- e-Learning, e-Science, e-Culture, e-Health, and e-HASS
(Humanities, Arts and Social Sciences)

Proceedings of SKG will be published by IEEE Press

Previous proceedings have been indexed by Engineering Index (EI)
